Subtraction with Regrouping
Focus on the Fundamentals

Name: _____ Date: _____

Let's Review!

More on the floor, go next door and get 10 more!

H	T	O
5	9	3
-	4	15
<hr/>		
1	7	8

- ★ Subtract with **regrouping** when the value of the digit on the bottom is larger than the digit on top.
- ★ Borrow 1 ten from the tens column.
 - 1 ten = 10 ones
- ★ Add the 10 ones to the 3 ones.
 - 3 ones + 10 ones = 13 ones
- ★ Now, you can find the difference!

1. $\begin{array}{r} 452 \\ - 237 \\ \hline \end{array}$

2. $\begin{array}{r} 382 \\ - 143 \\ \hline \end{array}$

3. $\begin{array}{r} 728 \\ - 37 \\ \hline \end{array}$

4. $\begin{array}{r} 659 \\ - 287 \\ \hline \end{array}$

5. $\begin{array}{r} 871 \\ - 637 \\ \hline \end{array}$

6. $\begin{array}{r} 965 \\ - 37 \\ \hline \end{array}$

7. $\begin{array}{r} 554 \\ - 226 \\ \hline \end{array}$

8. $\begin{array}{r} 445 \\ - 362 \\ \hline \end{array}$

9. $\begin{array}{r} 642 \\ - 226 \\ \hline \end{array}$

Two-Digit Subtraction

$\begin{array}{r} 94 \\ - 19 \\ \hline \end{array}$	$\begin{array}{r} 91 \\ - 45 \\ \hline \end{array}$	$\begin{array}{r} 54 \\ - 34 \\ \hline \end{array}$	$\begin{array}{r} 52 \\ - 43 \\ \hline \end{array}$
$\begin{array}{r} 79 \\ - 59 \\ \hline \end{array}$	$\begin{array}{r} 64 \\ - 14 \\ \hline \end{array}$	$\begin{array}{r} 73 \\ - 36 \\ \hline \end{array}$	$\begin{array}{r} 92 \\ - 89 \\ \hline \end{array}$

Using these sheets will help to develop your child's understanding of place value to 1000. What if they gave another to their teddy? During Second Grade, children should be learning the following mental subtraction skills: learning their subtraction facts to 20; subtracting 1, 10 or 100 from any 3 digit number; For pencil and paper methods, children should be able to: subtract numbers with up to 3 digits; 2 Digit Subtraction Without Regrouping These sheets have been created for children at the end of first grade, or the start of second grade. Check Your Work: To Three-Digit SubtractionCheck Your Work: To Three-Digit SubtractionLearning how to check our work is essential to becoming strong math students! In this exercise, students will first solve the subtraction problems, then they'll practice checking their work by plugging the answers into an addition equation. Take a look at some more of our worksheets similar to these. Subtraction Games If you are looking for some great subtraction games to support your child's learning, then look no further. There are a range of 2 digit subtraction sheets, which require no regrouping. You could also check out our subtraction worksheet generator where you can choose to have regrouping or not. The following webpages involve learning subtraction facts to 12. The following webpages involve learning subtraction facts to 20. The sheets in this section are for children at the beginning of 2nd grade. Try our 3 Digit Subtraction worksheets with or without regrouping. Using these sheets will help your child to: subtract 1 or 10 to a range of 2 digit numbers; subtract 1, 10 or 100 to a range of 3 digit numbers. If you need some 3 Digit Subtraction worksheets then try some of our three digit subtraction worksheets with or without regrouping. Math-Salamanders.com Whether you are looking for a free Homeschool Math Worksheet collection, banks of useful Math resources for teaching kids, or simply wanting to improve your child's Math learning at home, there is something here at the Math Salamanders for you! The Math Salamanders hope you enjoy using these free printable Math worksheets and all our other Math games and resources. All the sheets in this section will help your child to develop their skill at subtracting numbers in columns. How many do they have left? Take a look at some more of our worksheets similar to these. How to Print or Save these sheets Need help with printing or saving? Subtraction is a process which most children learn quite naturally as soon as they learn to start counting. In the second section, the subtraction problems are mixed so that most of the 2 digit subtractions need regrouping. Using the sheets in this section will help your child to: subtract with numbers up to 20; work out subtraction calculations where the answer is given but one of the other numbers is missing. Subtracting 1, 10 and 100 This section involves using place value and subtraction to take away either 1, 10 or 100 from any 2 or 3 digit number. Using the sheets in this section will help your child to: subtract with numbers up to 12; work out subtraction calculations where the answer is given but one of the other numbers is missing. They involve the skill of subtracting with numbers up to 12. We have some graded 2 digit subtraction worksheets with regrouping and also a 2 digit subtraction random worksheet generator. Using the sheets in this section will help your child to: subtract 2 digit numbers in columns; learn to do subtraction without regrouping. All the sheets in this section will help your child to develop their speed and accuracy at subtracting. Subtraction is a process which most children learn quite naturally as soon as they learn to start counting. The worksheets in this section are carefully graded, with the last two sheets requiring children to set out their subtraction calculations themselves. Subtracting 1, 10 and 100 This section involves using place value and subtraction to take away either 1, 10 or 100 from any 2 or 3 digit number. During kindergarten and first grade, it is really important for kids to have the chance to work practically with their math. An answer sheet is available for each worksheet provided. We welcome any comments about our site on the Facebook comments box at the bottom of every page. Follow these 3 easy steps to get your worksheets printed out perfectly! Math-Salamanders.com Whether you are looking for a free Homeschool Math Worksheet collection, banks of useful Math resources for teaching kids, or simply wanting to improve your child's Math learning at home, there is something here at the Math Salamanders for you! The Math Salamanders hope you enjoy using these free printable Math worksheets and all our other Math games and resources. Copyright © 2021 K5 Learning Flamingo Fun: Practice Two-Digit SubtractionFlamingo Fun: Practice Two-Digit SubtractionSubtraction by borrowing can seem complicated, but with a help from this cheerful flamingo-filled worksheet, your child will be a borrowing pro in no time! Welcome to our 2 Digit Subtraction With Regrouping page. When children have understood this, they can begin to learn their Subtraction facts and progress on to column Subtraction. This skill is very important to establish at this grade, as it is a foundation building block from which many other math skills are built. We have some graded subtraction worksheets and also a 3 digit subtraction random generator. There are a wide selection of subtraction games on the page below, which will develop your child's thinking and reasoning skills as well as their subtraction fact knowledge. Using these games will help you child to: learn their subtraction facts to 20; develop their strategic thinking skills. What if their teddy had 8 sweets, how many would be left for them? Later on, when children are confident Subtracting practically, they can progress on to number lines or counting back in their heads. They are a great way for children to start learning to subtract numbers written in columns. Here you will find our selection of free subtraction worksheets to help your child learn to do 2 digit subtraction where regrouping is needed. We have split the sheets into 2 sections. There are a range of 2 digit subtraction sheets, which require regrouping from a ten into ones. The sheets in this section are for children who are working competently at a 2nd grade level. Follow these 3 easy steps to get your worksheets printed out perfectly! How to Print or Save these sheets Need help with printing or saving? Try our 2 Digit Subtraction worksheets. They involve the skill of subtracting with numbers up to 20. During Second Grade, children should be learning the following mental subtraction skills: learning their subtraction facts to 20; subtracting 1, 10 or 100 from any 3 digit number; For pencil and paper methods, children should be able to: subtract numbers with up to 3 digits; These sheets have been created for children at the start of second grade. We have created a page of 2nd grade subtraction word problems for your child to enjoy! There are a range of word problems of different levels of difficulty. Here you will find our selection of free subtraction worksheets to help your child learn to do 2 digit subtraction where no regrouping is needed. The following webpages involve learning subtraction facts to 20. Try our 2 Digit Subtraction worksheets without regrouping. They give 3 to their teddy. Mental Subtraction Sheets The following webpages involve learning subtraction facts to 12. In the first section, all the sheets contain 2 digit subtractions where every problem needs regrouping. Using the sheets in this section will help your child to: subtract 2 digit numbers in columns; learn to do subtraction with regrouping. Looking for some easier worksheets like these? An answer sheet is provided for each problem, and also some working out space. An example might be that a child has 10 sweets. Page 2 Welcome to our 2 Digit Subtraction Without Regrouping page. All the subtraction worksheets in this section will help your child to develop their speed and accuracy at subtracting.
